Failing myself to arrest the disease, I was induced to use your preparation of Beech Drop, the effect of which has been miraculous after the use of three bottles. I consider her perfectly restored. I am now determined to use it constantly with my patients, fully satisfied that it excels any preparation known for such diseases. Respectfully. E. EMERSON, diseases. Respectfully. E. Washington, D. C. April 29, 1853. For the benefit of the public, and with none other than a desire to do good. I cheerfully state that I was afflicted with a cough and bronchial affection, from July, 1852, to March, 1853, and during that time was almost constantly confined to my room, laboring under great debility and severe cough. I had medical skill of the highest order. through whose treatment, and under the guidance of a higher than mortal power, my life was prolonged till March, 1853, when I commenced the use of Dr. Kidwell's Beech Drop, or Extract of Cancer Root. Since that period I have taken about six bottles of the medicine, and it gives me pleasure to state that it has effected an entire cure, with the exception of weakness, occasioned by long confinement to my room. I would advise all persons similiarly afflicted to try it. I consider it an invaluable medicine. The humbugs usually palmed upon the public in the shape of certificates favorable to the virtues of medicines, almost deter me from giving mine; but a sense of justice, and humanity alone, prompts me to make the above statement.
